Glenbard North celebrates students' success

Glenbard North High School congratulates Coach Hahn and the Glenbard North wrestling program for finishing second in the state Feb. 26 in De Kalb.

The Panthers defeated Bloomington 36-29 in the quarterfinals before defeating two-time defending state champions Chicago St. Rita's in the semi-finals 27-22.

In the finals Glenbard North squared off against the No. 1-rated Carl Sandburg Eagles, but fell short 26-23 in the end.

The Panthers' second place finish in the State Championships marks the fifth time in five years they have finished in the top three at the State Championships, which is a mark that has not been duplicated by a public high school in Illinois since the early 1950's.

MATH TEAM: The Glenbard North math team took fourth place Feb. 26 at the Lewis University Regional Competition. The freshmen-sophomore 8-person team placed third. The junior-senior 8-person team placed first, and the senior pre-calculus team also placed first.

Both first place teams advance to the State Competition at the University of Illinois on April 30th.

CHEERLEADING: The Glenbard North cheerleaders finished 8th in the nation at the United Cheerleading Association National Championships, held in Minneapolis on Feb. 26th. Congratulations to Coach Kathy Micelli, her assistants, and the terrific Glenbard North cheerleaders.
